Extracto

I have accomplished Industrial Engineering Bachelor in CETI Colomos, currently working as a Supply Chain Management Consultant with a proven track record in business process and IT consulting, where I honed my skills in areas like C++ / React.js / C# / PHP/ Microsoft Dynamics, X++, language translation, and database design.

My experience also includes a strong foundation in industrial engineering, with expertise in AutoCAD, SolidWorks, Kaizen, and Lean manufacturing, acquired during my time at Jabil. I thrive on optimizing operations and delivering impactful solutions to enhance supply chain or any process in the company efficiency.
